

Dietary fibre Filtration Module

(Ref. No: NIN/ST/12/Dietary Fibre/2017-18/7300-7311 &7398)

| | |
|-------------------------------------|---|
| Filtration and dehydration capacity | 6 samples/batch. |
| Filtration rate: | 2 – 4 minutes/100 ml of digested solution, depending on sample type. |
| Repeatability | SD <0.5% absolute |
| Flask volume | 600 ml |
| Accuracy | According to official methods |
| Water Bath | |
| Capacity | 12 flasks |
| Temperature range | Ambient to 80 °C |
| Temperature accuracy | ±0.1°C |
| Shaking frequency | 0 – 150 strokes/minute |
| Stroke length | 0 – 50 mm |
| Power supply | 220 V ,50Hz |
