

SHAKING WATERBATH
(NIN/ST/12/water bath/2017-18)

Features:

1. Reciprocating and orbital water bath shaker incorporating design features that offer quiet, shaking under a precisely controlled and reproducible temperature environment.
2. Microprocessor controlled.
3. Stainless steel bath.
4. To handle flasks up to 1 liters.
5. Programmable timer/ hold facility

Specifications:

Temperature range	: Ambient to 100°C
Temperature Accuracy	: ±0.1°C
Temperature uniformity	: ±0.1°C
Temperature control	: Microcontroller
Display	: Digital
Shaking Mode	: Reciprocating & orbital
Orbital radius	: 10mm
Speed	: 0 –200 RPM
Linear strike length	: 20mm
Motor	: brush less
Bath Capacity	: 30-40 Liters
Top Cover	: Plexiglass Gable cover
Tray type	: Universal flask tray to hold different sized flasks.
Warranty	: 3 years comprehensive warranty along with 2years extended warranty.
